My dear friends

Marion & Hubert

I see the ring and many thanks to you for sending it. but I made me feel so bad when I see it and remember the dear one who wore it and the fleg that went with it Oh it seems like a awful dream and some time I wake awake and find Marion as I left her it just seems so hard when she had so much to live for and she had to go I never will find another one like her God Bless her ~~it~~ to think that she and Horace is both gone to more good lives upon the farm and to think we cannot all meet there again as I had planned. Well Marion I am so glad you have such a nice man for I will tell you they are scarce for I have a good chance

*With your

as you know my I am
 doing a little farming on the
 side I have a couple of Places
 one in the San Jacinto valley where
 I raise alfalfa a great crop and here
 the other Place is in the River side
 valley where I have Sugar Beets
 In of Course I have to Pump the water
 to wet the ground as we don't have
 any rain in the summer I haven't
 seen any rain since April and
 won't till about Jan. I wish you all
 were out here I know you would like
 it so much. I often think of the
 good times we used to have and I wish
 we could have them all over again.
 My friend Porter and wife has just
 started for Bangor on a three month
 trip I wish you could see them while they
 are out here. I would send you their address
 they used to live in Bangor but live here now.
 Give my best love to your mother and all when you see
 them and I would like to see you often for I am lonely

With love from Bill
